Date of Last Review: October 15, 2024

Date of Last Revision(s): October 15, 2024

Employees – INSB does not hire employees. Agency appointees, volunteers and contractors shall be considered “employees” for the purposes of this policy.

Engineering controls - An aspect of the built space or a device that removes a hazard from the workplace or creates a barrier between the employee and the hazard.

Leadership - INSB does not have managers or supervisors. The Governance Board, Committee Chairs and Executive Director function as activity leaders during meetings, projects, etc. The terms “leadership” and “INSB leadership” shall be used in this policy.

Threat of violence - Any verbal or written statement, including, but not limited to, texts, electronic messages, social media messages, or other online posts, or any behavioral or physical conduct, that conveys an intent, or that is reasonably perceived to convey an intent, to cause physical harm or to place someone in fear of physical harm, and that serves no legitimate purpose.

Workplace – INSB does not own any facilities. It is a tenant on various agency properties. Facilities occupied as a tenant and temporarily used for meetings shall be considered a “workplace” for the purposes of this policy.

Workplace violence - Any act of violence or threat of violence that occurs in a place of employment.

Workplace violence includes, but is not limited to, the following:

- The threat or use of physical force against an employee that results in, or has a high likelihood of resulting in, injury, psychological trauma, or stress, regardless of whether the employee sustains an injury.

- An incident involving a threat or use of a firearm or other dangerous weapon, including the use of common objects as weapons, regardless of whether the employee sustains an injury.

Workplace violence does not include lawful acts of self-defense or defense of others.

Work practice controls - Procedures and rules which are used to effectively reduce workplace violence hazards.

RESPONSIBILITY

The WVPP administrator, Executive Director, has the authority and responsibility for implementing the provisions of this plan for Interoperability Network of the South Bay (INSB). If there are multiple persons responsible for the plan, their roles will be clearly described.

All INSB leaders are responsible for implementing and maintaining the WVPP in their work areas and for answering INSB participant questions about the WVPP.

EMPLOYEE ACTIVE INVOLVEMENT

INSB ensures the following policies and procedures to obtain the active involvement of employees and authorized employee representatives in developing and implementing the plan:

- All employees will follow all workplace violence prevention plan directives, policies, and procedures, and assist in maintaining a safe work environment.
- The plan shall be in effect at all times and in all work areas and be specific to the hazards and corrective measures for each work area and operation.

EMPLOYEE COMPLIANCE

Our system to ensure that employees comply with the rules and work practices that are designed to make the workplace more secure, and do not engage in threats or physical actions which create a security hazard for others in the workplace, include at a minimum:

- Training employees in the provisions of INSB Workplace Violence Prevention Plan (WVPP)
- Effective procedures to ensure that leadership employees comply with the WVPP.
- Provide retraining to employees whose safety performance is deficient with the WVPP.

- Discipline employees for failure to comply with the WVPP. Employees shall be referred to their respective INSB member agency for appropriate discipline.

COMMUNICATION WITH EMPLOYEES

We recognize that open, two-way communication between our management team, staff, and other employees, about workplace violence issues is essential to a safe and productive workplace. The following communication system is designed to facilitate a continuous flow of workplace violence prevention information between

management and staff in a form that is readily understandable by all employees, and consists of one or more of the following:

- New employee orientation includes workplace violence prevention policies and procedures.
- Workplace violence prevention training programs.
- Regularly scheduled meetings that address security issues and potential workplace violence hazards
- Effective communication between employees and leadership about workplace violence prevention and violence concerns.
 - For example, ensure that leaders and employees can communicate effectively and in the employees' first language.
- Posted or distributed workplace violence prevention information.
- How employees can report a violent incident, threat, or other workplace violence concern to employer or law enforcement without fear of reprisal or adverse action.
 - Examples:
 - Employees can anonymously report a violent incident, threat, of other violence concerns.
 - Provide contact information for who to call for emergency response [E.g.: precise access number(s), including how 911 will be accessed.]
- Employees will not be prevented from accessing their mobile or other communication devices to seek emergency assistance, assess the safety of a situation, or communicate with a person to verify their safety. Employees' concerns will be investigated in a timely manner and they will be informed of the results of the investigation and any corrective actions to be taken.

COORDINATION WITH OTHER EMPLOYERS

INSB will implement the following effective procedures to coordinate implementation of its plan with other employers to ensure that those employers and employees understand their respective roles, as provided in the plan.

- All employees will be trained on workplace violence prevention.
- Workplace violence incidents involving any employee are reported, investigated, and recorded.
- At a multi-employer worksite, INSB will ensure that if its employees experience workplace violence incident that INSB will record the information in a violent incident log and shall also provide a copy of that log to controlling employer.

WORKPLACE VIOLENCE INCIDENT REPORTING PROCEDURE

INSB will implement the following effective procedures to ensure that:

- All threats or acts of workplace violence are reported to INSB leadership, who will inform the Executive Director. This will be accomplished by email. If that's not possible, employees will report incidents directly to the Executive Director (see table in EMERGENCY REPOSENCE PROCEDURES).

A strict non-retaliation policy is in place, and any instances of retaliation are dealt with swiftly and decisively.

EMERGENCY RESPONSE PROCEDURES

INSB has in place the following specific measures to handle actual or potential workplace violence emergencies:

- Effective means to alert employees of the presence, location, and nature of workplace violence emergencies. (i.e. email)
- INSB will have evacuation or sheltering plans provided by each facility's owner/agency.
- How to obtain help from staff, security personnel, or law enforcement. If there is immediate danger, call for emergency assistance by dialing 9-1-1 or notify the Executive Director.

Periodic Inspections

Periodic inspections of workplace violence hazards will identify unsafe conditions and work practices. This may require assessment for more than one type of workplace violence. Any findings will be reported to the facility's owner.

Inspections for workplace violence hazards include assessing:

- The exterior and interior of the workplace for its attractiveness to robbers.
- The need for violence surveillance measures, such as mirrors and cameras.
